Arizona Health Care Cost
Containment System Administration
701 East Jefferson
Phoenix, Arizona 85034

Contracts Management Specialist
Douglas C. Peeples, CPPB, CPCM

A signed copy of this amendment must be returned with the proposal and received by AHCCCSA prior to the Solicitation due date and time. This solicitation is amended as follows:

1. An additional question was asked pertaining to the RFP. The question relates to the resource mix required to price retrospective reviews. Specifically, what percentage of the retrospective reviews requires physician advisor participation?

Discussion: One hundred percent of the Type II Retrospective reviews involve a Physician Advisor (PA). Not all Type I Retrospective reviews requires involvement from a Physician Advisor. It all depends upon the scope of the review. At this time AHCCCS does not have historical statistics on how many Type I cases involved PA. To gather this information, it will take considerable time.

Answer: The above being the case, AHCCCS advises that all proposers should submit their proposals on the basis that 100% of the retrospective reviews, both Type I and Type II, require physician advisor participation as well as RN. This being the case, all proposals will be evaluated on the same basis.

2. All else remains unchanged by this amendment.

Offeror hereby acknowledges receipt and understanding of this Solicitation Amendment.	This Solicitation Amendment is hereby executed this <u>16th</u> day of <u>August 1999</u> , in Phoenix, Arizona.
